

Restrictions on Visits to Interplex Facilities Due to Novel Coronavirus (COVID-19)

12 March 2020

The ongoing Novel Coronavirus (COVID-19) pandemic is spreading rapidly on a global scale, impacting businesses worldwide. Our partnership with you is very important to us, and we are committed to providing our products, solutions and services to you on time.

As we continue to closely monitor the development of this pandemic, the safety and well-being of our staff, customers, suppliers and vendors remains our priority. As part of our Business Continuity Plan, we have activated our COVID-19 protocols with precautionary measures put in place to help us navigate through this challenging time. While we are committed to assuring the safety of our employees, these measures also extend to your safety and the safety of your employees, with the aim of reducing the risk of foreseeable supply disruptions along the value chain.

To minimize this risk and possible exposure to COVID-19, we kindly inform you that all Interplex sites have imposed restrictions on visits by any stakeholders in the interim.

Our commitment to conducting business with you will not stop. With this in mind, we invite you to partner with us to adopt practices to ensure business continuity. We encourage the use of audio/video teleconferencing as a feasible option and alternative to site visits during this challenging time. Please do not hesitate to contact us directly to coordinate these efforts.

Thank you for your kind understanding and cooperation.

Updated Interplex Customer Advisory on Novel Coronavirus (COVID-19)

14 February 2020

Further to our announcement dated 10 February 2020, we are pleased to announce that we have obtained local governmental approval to resume operations in the following remaining manufacturing facilities, as well as our Technology Innovation Center in Suzhou, China (安特(苏州)精密机械有限公司技术中心分公司):

Interplex Stewart EFI (Hangzhou) Co., Ltd. / 怡得乐斯图沃特精密元器件(杭州)有限公司
Interplex Plastic (Shenzhen) Ltd. / 安特塑胶(深圳)有限公司

While we are pleased that all our manufacturing facilities have resumed operations, the situation relating to the Novel Coronavirus (COVID-19, previously referred to as 2019-nCoV) remains fluid and uncertain. We will continue to work closely with the local government authorities to mitigate and minimize any possible disruptions, as well as to make requisite arrangements to cater for the necessary staff strength to carry out our operations. We will remain vigilant and continue to take necessary precautions to protect the health and well-being of our employees.

If you have any queries or concerns, please contact your Interplex representative.

We appreciate your kind understanding and continued support.

Updated Interplex Customer Advisory on Novel Coronavirus (2019-nCoV)

10 February 2020

We are pleased to announce that our following manufacturing facilities located in China have obtained local governmental approval to resume operations today:

Interplex (Suzhou) Precision Engineering Ltd. / 安特 (苏州) 精密机械有限公司
Interplex Metalforming (Shanghai) Ltd. / 安特金属成形 (上海) 有限公司
Interplex Electronic (Hangzhou) Co., Ltd. / 怡得乐电子 (杭州) 有限公司
Interplex Electronic (Dalian) Co., Ltd. / 怡得乐电子 (大连) 有限公司
Huizhou Interplex Technology Ltd. / 惠州安特科技工业有限公司
Interplex (Huizhou) Industries Ltd. / 安特 (惠州) 工业有限公司

As we take steps to resume our operations, the health and safety of our employees remain our top priority. We have implemented preventive and proactive measures to safeguard our employees' well-being.

We will continue to closely monitor the situation relating to the Novel Coronavirus (2019-nCoV), which remains dynamic, and work with local government authorities to mitigate and minimize any possible disruptions.

If you have any queries or concerns, please contact your Interplex representative.

We appreciate your kind understanding and continued support.

Interplex Customer Advisory on Novel Coronavirus (2019-nCoV)

7 February 2020

Interplex's manufacturing facilities located in China have been closed since the week of 27 January 2020 for the Chinese New Year festivities. The extended closure of our manufacturing facilities is in compliance with quarantine order(s) issued by governmental authorities in China to contain the outbreak of the Novel Coronavirus (2019-nCoV).

Notwithstanding the quarantine order(s), we have been in close contact with our affected manufacturing facilities and local governmental authorities to understand the impact and mitigate the effects of the quarantine order(s). The health and safety of our employees are paramount and we have taken preventive and proactive measures to safeguard their well-being. In addition, to minimize the risk of infections, we have also restricted our staff from all non-essential travels.

We will continue to closely monitor the developments and the impact of the Novel Coronavirus (2019-nCoV) on our operations. We are committed to ensure the safety of our employees while working towards mitigating any possible disruptions to our customers' operations.

If you have any queries or concerns, please contact your Interplex representative.

Thank you for your understanding.
