

OUR ACHIEVEMENTS FOR A RESILIENT TOMORROW

ILLUMINATING A GREENER PATH

HARNESSING THE POWER OF THE SUN

With the installation of 5,756 MWH of solar energy, we're setting an example of **sustainable power generation**. Every ray of sunlight captured brings us closer to a brighter tomorrow.

FOSTERING GENDER DIVERSITY

EMPOWERING CHANGE, ONE STEP AT A TIME

We take pride in our commitment to gender equality. By 2022, an inspiring **42.4% of our workforce** comprises female employees, contributing their unique perspective and skills.

LIGHTING THE WAY TO EFFICIENCY

RADIATING EFFICIENCY, ONE LIGHT AT A TIME

A brighter future does not have to come at the expense of our earth. In keeping with our commitment to sustainability, **97% of our facilities now have energy efficient lighting**.

SUMMIT OF SUSTAINABLE ACHIEVEMENT

ECOVADIS PLATINUM TOP 1% RATING

Our continuous dedication to sustainability has been recognized. We are pleased to share that we received the prestigious **Platinum Top 1% rating from EcoVadis**. Together, we are achieving new levels of sustainability.

GROWING A GREENER TOMORROW

NURTURING NATURE, TREE BY TREE

In 2022, we took meaningful steps in replenishing our planet's green cover. We planted **23,159 trees** together, our bit to promote biodiversity and improve the environment for future generations.
